LES DISCIPLES ESCOFFIER BENELUX

This is a non-profit association, consisting of young self-employed and executive chefs and sympathizers. The aim is to respect and apply the principles and methods of Auguste Escoffier.

As Escoffier considered it his duty to give the cooks of his time a more social way of working, in 1910 he published a project for social assistance, to combat poverty in the kitchen.

Our chef Ayt Ems also belongs to this wonderful and renowned organization. For more information, keep an eye on the website www.escoffier.be.
